

As you celebrate the holiday season, I write to urge you to reject the approach being proposed to reform North Carolina’s unemployment insurance system.

Cutting benefit levels and weeks of eligibility, in addition to other changes being considered, will harm thousands of North Carolinians who have lost jobs through no fault of their own.

These changes will affect us all and the economy as a whole as the unemployment insurance system in our state will fail to serve as a stabilizing force in future economic downturns.

In the new year, support struggling workers and families in North Carolina by voting NO on this misguided proposal.

Sincerely,
